Workplace evaluation

Please help to make NORDJYSKE Medier a better place to work.

It only takes 5 minutes.

As an employee at NORDJYSKE Medier we would like you to fill out a Workplace evaluation (APV) which you will find on omdeler.nordjyske.dk / Min side / Min sikkerhed. It is anonymous.

As a distributor, it is important that you take care of your safety when you are out on your route with newspapers and advertisements. It is important to us that you feel comfortable in your job as a distributor. Therefore, all distributors have a contact person (distribution manager), so if you have questions about, for example, your safety, you can always contact us.

Remember the 5 Corona guidelines to protect yourself and others

Corona and travels abroad

In connection with travels out of Denmark, we must inform you of The Danish Foreign Offices updated travel guide applicable to January 2, 2021.

What does this mean for us?

At NORDJYSKE Medier/Distribution we follow the Danish Health Authorities guidelines for travels abroad.

As employee you will be told NOT to meet at work the first 14 days after your return. We do this for a precautionary principle and to minimize the risk of infection of Covid 19 amount our employees and to make sure, that we can carry on doing our job at the Distribution?

If you defy the authority's recommendations and become infected during your vacation or is imposed quarantine when you arrive home from abroad, you will have no claim for payment during temporarily lay off or illness, as it is self-inflicted.

We therefore expect you to take 14 days' vacation after returning – the 14 days MUST be agreed with your distribution leader BEFORE your holiday.

As changes can be made according to the different countries' classification, we expect you to keep yourself updated.
