But remember that even in difficult times we must remember to enjoy springtime with yellow rape fields, light nights and warm weather and everything springtime indicates. Even the days are longer, and nights are getting lighter REMEMBER always to take care of yourself in the traffic and use your reflective vest.

**Why are there addresses on the commercial sets?**

Time requires that we target commercials to one address. The cover contains various commercials/leaflets and it is therefore **very important that you deliver the right set to the correct address.**

**Important that you make your own walking order. Go to [omdeler.nordjyske.dk](http://omdeler.nordjyske.dk) / gangrækkefølge and make the changes. Remember to change both “med K/F and uden K/F”.**

**Please always remember always to tidy up after yourself when you are out delivering, so no strips or papers is lying on roads and pavements.**
